128 Trump never lost supporters

56 Could be because some people are angry that he didn't go far enough and use the military to rout the traitors that have infiltrated our government via stolen elections.

ALL ENEMIES FOREIGN AND DOMESTIC!

That's probably where those few percentage points have gone.

9 I have to think the vast majority of his supporters know he didn't betray anyone or the cause, he just didn't have the courage to go full Caesar. It's apparently what's needed but it's a lot to ask from an old man. He has done more than enough, it's someone else's turn.

2 Not to mention the huge risk he'd be putting his family in by doing so.

▼ Yea, don't forget, there's enough that vote for McConnell thinking "Yep, Mitch has America's and my best interests at heart. I'll happily vote for him." for that shitheel to continue in the Senate. Even though I have no doubt there's some fraudulent voting going on in that race as well.

▼ HE ONLY EVER GAINED SUPPORTERS...

There are 'hispanic DEMOCRAT Counties' in Texas - where Trump got so many votes it is nothing short of a miracle...

The bluest of blue counties along the river, Zapata County, flipped to President Trump, who won 52.5 percent of the vote. ZAPATA IS about 86% DEMOCRAT!

THIS IS THE MAGA MOVEMENT MOVING FORWARD... and it includes Hispanic Americans...

8 Ah, darn it, I mean to put quotes around "Riot" because yeah, it was way more mostly peaceful than anything you saw in Portland or the rest of the Burn Loot Murder riots

31 Tamest riot ever. Did you see the photos of the few people who actually went in the Capitol? Most were just looking around and taking selfies, staying within the velvet ropes. In the same spaces that they give public tours of.

4 I'd like to see a comparison to the average amount of property damage and crime at any large gathering. I bet we were better behaved than average, not counting the obvious examples of true riots last year.

1 I wouldn't say that. I know some who still do support Trump who also despise what happened Capital but they don't blame Trump for that, instead only the individuals involved. So it's not a thing around me

 **Gmama2** 3 months ago +4 / -0

4 Lets see AOC et al want every Trump supporter fired and in a reeducation camp. Some people might not tell the truth to a stranger on the phone.

3 This is why they are so afraid. In reality, he is our President in exile. Without the will of the people Biden will NEVER be President. Regardless of where he lives. At any time after Biden is installed President Trump can send one message and there will be a civil war.

2 More inflating the numbers. The "riot" didnt "leave 5 people dead". That's fucking bullshit. There was 1 heart attack, 1 stroke and 1 woman died from an "existing medical conditions" and those people were no where near the "riot".
